

First Edition (June 1995)

The following paragraph does not apply to the United Kingdom or any country where such provisions are inconsistent with local law: INTERNATIONAL BUSINESS MACHINES CORPORATION PROVIDES THIS PUBLICATION "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Some states do not allow disclaimer of express or implied warranties in certain transactions, therefore, this statement may not apply to you.

This publication could include technical inaccuracies or typographical errors. Changes are periodically made to the information herein; these changes will be incorporated in new editions of the publication. IBM may make improvements and/or changes in the product(s) and/or the program(s) described in this publication at any time.

It is possible that this publication may contain reference to, or information about, IBM products (machines and programs), programming, or services that are not announced in your country. Such references or information must not be construed to mean that IBM intends to announce such IBM products, programming, or services in your country.

Requests for technical information about IBM products should be made to your IBM authorized reseller or IBM marketing representative.

What's on this CD-ROM?

The CD-ROM in this package contains *Power, Performance, Potential...*, a multimedia introduction to the IBM® Power Series® family. You'll see how IBM is advancing the power of the PC with a high-performance platform that will take you into the next decade...and beyond. And, we'll show you what the future holds for you—the possibilities and the potential of your new Power Series system. This program is preinstalled for you in the IBM Power Series Program Group or Folder. Look for the IBM Power Series icon.

This CD-ROM also contains *Introducing Your IBM ThinkPad® Power Series 850®*. This document contains information about your computer and its many features that you might find helpful. An icon for this document is in the IBM Power Series Program Group or Folder, but you will need to insert the CD-ROM to view them. (This information is available only for computers that have Microsoft® Windows® NT® installed.)

Essentials is preinstalled for you and is also contained on this CD-ROM. This program contains a registration form, Helpware information, and a catalog of options. Look for the *Essentials* icon in the IBM Power Series Program Group or Folder.

A *Read Me* file is provided preinstalled and on this CD-ROM to give an overview of the *Program Pack*.

* Trademarks of the IBM Corporation.

** Trademarks of the Microsoft Corporation.

The *Remove PPP* program allows you to remove *Power, Performance, Potential...* and related applications from the hardfile, freeing approximately 70 MB of space. This program is preinstalled and provided on this CD-ROM for your convenience.

The *Install Compuserve* (for Window NT only) program is also preinstalled and provided on this CD-ROM for your convenience.

Directions For Windows NT Workstation 3.51 (PowerPC Edition)

To Open the Program Pack programs:

1. Log on to Windows NT.
2. Open the IBM Power Series Program Group.
3. Open the desired program.

You will need to have the *Program Pack* CD-ROM in the CD-ROM drive to view the *Introduction* or *User's Reference* documents.

To Re-install Power, Performance, Potential....:

1. Insert the *Program Pack* CD-ROM in the CD-ROM drive.
Make sure that the CD-ROM drive letter is either *D* or *E*.
2. Type *d:\NT\PPS\WELCOME\APPS\RENEW.BAT*, where *d* is the CD-ROM drive letter.

To Re-install the IBM Power Series Program Group:

This procedure will restore the IBM Power Series Programs to the manufacturing preinstall level.

1. Insert the *Program Pack* CD-ROM in the CD-ROM drive.
Make sure that the CD-ROM drive letter is either *D* or *E*.
2. Type *d: \NT\PPS\WELCOME\APPS\PSINSTALL.BAT*, where *d* is the CD-ROM drive letter.

The program will overwrite existing files of the same name in the C:\WIN32APP\PPS subdirectories and will reset the applications to their initial states.

Directions For AIX Version 4:

To Open the Program Pack programs:

1. Log in to the Desktop as a user.
2. Open the Application Manager icon from the Desktop Front Panel.
3. Open the IBM Power Series folder.
4. Open the desired program icon.

You will need to have the *Program Pack* CD-ROM in the CD-ROM drive to view the *Introduction* or *User's Reference* documents.
