## About This Manual

The *Master Index* provides an index for the most commonly used books in the Compaq Tru64™ UNIX® documentation set. Books with index entries in the *Master Index* are listed in Table 1.

For this release, only the online versions of the *Master Index* have been revised. Use the HTML format, which contains hot links, to navigate the Documentation Library. Alternatively, you can print a copy of the *Master Index* from the Portable Document Format (PDF) file using Adobe Reader.

### Audience

This book is for anyone who needs to access information about the Tru64 UNIX operating system. It can help you find a specific topic in the documentation set by pointing you to the location in the book where the topic is discussed.

### Conventions

In the PDF version of the *Master Index*, each master index page reference is preceded by an abbreviated book title. For example, the following entry points to page 3-2 in the guide *Sharing Software on a Local Area Network*:

**installation**

RIS software subset, *SharingSW* 3-2

Table 1 maps the abbreviated title for each book to its complete book title.

The HTML version of the *Master Index* does not contain page numbers. Instead, the abbreviated book title appears as a hot link. Clicking on this link takes you either to the beginning of the book being referenced or, in many cases, to the actual location of the information in the book. Books that have been revised for this release also provide section numbers, to help you further refine your search.

## Reader's Comments

Compaq welcomes any comments and suggestions you have on this and other Tru64 UNIX manuals.

You can send your comments in the following ways:

- Fax: 603-884-0120 Attn: UBPG Publications, ZKO3-3/Y32
- Internet electronic mail: `readers_comment@zk3.dec.com`

A Reader's Comment form is located on your system in the following location:

```
/usr/doc/readers_comment.txt
```

- Mail:

Compaq Computer Corporation  
UBPG Publications Manager  
ZKO3-3/Y32  
110 Spit Brook Road  
Nashua, NH 03062-2698

A Reader's Comment form is located in the back of each printed manual. The form is postage paid if you mail it in the United States.

Please include the following information along with your comments:

- The full title of the book and the order number. (The order number is printed on the title page of this book and on its back cover.)
- The section numbers and page numbers of the information on which you are commenting.
- The version of Tru64 UNIX that you are using.
- If known, the type of processor that is running the Tru64 UNIX software.

The Tru64 UNIX Publications group cannot respond to system problems or technical support inquiries. Please address technical questions to your local system vendor or to the appropriate Compaq technical support office. Information provided with the software media explains how to send problem reports to Compaq.

## How to Order Tru64 UNIX Documentation

You can order documentation for the Tru64 UNIX operating system and related products at the following Web site:

<http://www.businesslink.digital.com/>

If you need help deciding which documentation best meets your needs, see the Tru64 UNIX *Documentation Overview* or call **800-344-4825** in the United States and Canada. In Puerto Rico, call **787-781-0505**. In other countries, contact your local Compaq subsidiary.

If you have access to Compaq's intranet, you can place an order at the following Web site:

<http://asmorder.nqo.dec.com/>

The following table provides the order numbers for the Tru64 UNIX operating system documentation kits. For additional information about ordering this and related documentation, see the *Documentation Overview* or contact Compaq.
